FEELED SlimLine

SlimLine LED's innovative design is the solution for eliminating dark spots in cove lighting.
This unique and efficient fixture removes socket shadowing by placing the lamps closer together to provide seamless illumination.

Product Features

– Rigid aluminum extruded body permits effective heat emission
– Dark spot free at the linking point
– Transparent, Ivory white Diffuser
– Eco friendly product, No emission of Mercury and CO_2
– AC power driver built in (SMPS is not needed)
– Compatible with accessories for fluorescent DimSlimLine
  by PWM controller

Notice

– Max. connection(Dimming) : 10pcs
– Max connection(Non–Dimming) : 600W
10W(60 pcs), 15W(40 pcs), 20W(30pcs)

Specification

– Frequency range : 50/60Hz
– Voltage : AC 100~240V
– Operating temperature : 0~45℃
– Lamp life : 40,000hr
– Energy efficiency : 70 lm/W
– Available color : 2700K, 3000K, 3500K, 4000K, 6000K
– Color rendering : Ra 〉80
